Communal road trips are one of life's little pleasures.

For all life's journeys.

Wherever you're headed – from a long trip to just around the corner – communal road trips are one of life's little pleasures. And with seating for up to twenty-one people (including driver), the improved Coaster ensures all your passengers will enjoy the ride. From the moment passengers step on board through the automatic sliding door (Deluxe grade), they'll notice the difference. As well as ample head and leg-room, there are comfortable semi-high-back seats (except fifth and sixth rows), large windows, air conditioning, heating, seatbelts on every seat and privacy glass across the range.

Driven by comfort.

Thoughtful design touches and additions have made the Coaster more of a pleasure for drivers too. In fact, your designated driver has never had it so good – with power steering, adjustable bucket seat with lumbar support, tilt adjustable steering wheel and large brake boosters for smoother braking standard on all models. And with the option of a 4-speed automatic transmission (Deluxe grade), complete with driver footrest (Deluxe grade auto only), a quick, effortless ride is now just around the corner.

Looks great, sounds great.

Coaster also boasts a sense of timeless style. A tailored front bumper and grille complement stylised headlamps and indicator lights, resulting in a sleek exterior. Inside is impressive too, with a clever instrument panel design, eye-catching upholstery (Deluxe grade) and ample storage space (Deluxe grade). As well as a PA system, also included is an exciting audio system¹ featuring Bluetooth™² capabilities, audio input for some USB memory sticks and iPod connectivity.^{3,4}

The audio unit also features voice recognition⁵ and radio text as well as an MP3 compatible single CD player to ensure on-road sing-alongs and easy listening.

A mover, not a shaker.

The one thing that hasn't changed is the Coaster's smooth ride. Independent front suspension with double wishbones and upper torsion bar and long tapered rear leaf springs ensure a smooth, stable ride at all times, with minimal body roll. For added safety, ABS brakes allow for more controlled braking when it really counts, and four emergency exits mean fast evacuation. And speaking of fast, the Coaster's 4.0 litre Turbo-diesel engine shows great acceleration when you need it most.

Get off to a flying start.

Whether you're dropping off at the local school or sports club, or picking up from the airport, even with a full passenger load you'll marvel at the Coaster's smooth power. With both the 5-speed manual or 4-speed automatic transmission (Deluxe

grade), the Coaster is as happy zipping around the city as it is cruising along on the freeway – even with trailer in tow. And when you get to your destination, you'll be pleased to know that the Coaster has been designed for smooth turning and easy parking.

With you for the long run.

Whatever use you put it to, you can rest assured that your Coaster will go the full journey. We've built it to last, with anti-corrosion steel throughout, tinted windows, hard-wearing upholstery and of course, Toyota's famous mechanical reliability and durability. And it doesn't stop there. Optimised diesel-engine efficiency minimises gas emissions, and adheres to strict EURO V emissions regulations, meaning the Coaster won't take the environment for a ride either.
